

Onboarding Guideline for Directors

(Adopted in November 2019)

1. Objectives

- 1.1 Hysan recognises the importance of the contribution of our new Directors, and it is essential to establish a robust onboarding process to help new Directors to engage in a healthy, ongoing dialogue with fellow Directors, management and other management personnel with insights into Hysan and our business environment.
- 1.2 The key objective of this Guideline is to assist new incoming Directors in understanding Hysan's business, governance and Board and Board Committee dynamics. The Guideline also aims to set out the principles for the onboarding of new Directors and a structured process which brings together the key components that would be helpful for new incoming Directors.

2. Principles

- 2.1 We believe that onboarding would be more effective if a new Director's needs are catered and is properly tailored to enable the new Director to add value based on his or her unique background, experience and perspective.
- 2.2 A new Director is encouraged to contribute to his/her own onboarding plan by working with the Company Secretary to determine how best to get up to speed on his/her new role.

3. Onboarding Programme - Components

3.1 Introduction session

- 3.1.1 An initial introduction session will be arranged by the Company Secretary for a new Director upon his/her joining the Board, which will provide an overview of Hysan, including:

3.2 Meeting sessions
