For immediate release**Hysan and Lee Gardens Community Donate HK\$1 Million Towards COVID-19 Relief**

Hysan Development is delighted to announce that a donation of HK\$1million will be provided to Po Leung Kuk, one of Hong Kong's best-known charities, supporting its efforts to help families in need during these unpredictable Covid-19 times.

To encourage members of the Lee Gardens community to be vaccinated, Hysan committed to making a charitable donation of \$100 for each staff member of Hysan and its tenants in the Lee Gardens Area who completed his/her vaccinations. With more than a hundred companies and their thousands of staff members responding to our call, Hysan decided to top up the donation to HK\$1 million to complete this meaningful campaign.

“Not only did this campaign help to encourage vaccination, it also directly supported hundreds of families whose livelihoods were affected by Covid-related situations,” said Mr. Ricky Lui, Executive Director and Chief Operating Officer of Hysan Development. “Furthermore, parts of the funding were also directed to provide health-check packages for the elderlies and low income families, giving them more information about their health and to prepare for vaccination. We are proud that our Lee Gardens community members all pitched in to help make a difference.”
