Hysan Supports the Government to set up a Satellite Community Vaccination Centre

Throughout the pandemic period, Hysan has taken the lead in various projects to help our community understand the importance of COVID-19 vaccination. It is now supporting the Government to set up a Satellite Community Vaccination Centre at Leighton Centre, and will start operation on Friday, February 11, 2022.

“We are delighted to do all we can to help the Government with regards to the COVID-19 vaccination push,” says Ms. Irene Lee, Chairman of Hysan Development. “Vaccination for the population is of utmost importance when it comes to bringing our community life back to normal. Having an extra non-governmental venue at a popular and convenient area like Lee Gardens in Causeway Bay should help the vaccination drive both in an operational and a promotional manner.”

For more information on the operations of the Centre, please refer to the Government’s latest announcement. (<https://www.info.gov.hk/gia/general/202202/04/P2022020400239.htm?fontSize=1>)
